# History of the State Board of Equalization and Board-Administered Taxes

1870	Legislature created State Board of Equalization, consisting of the state controller and two gubernatorial appointees, to deal with property assessment abuses among counties.	1963	Subscription television tax enacted.
1879	State Board of Equalization established under the state Constitution to regulate county assessment practices, equalize county assessment ratios, and assess properties of interconnected railroads. Board consisted of four members elected by district and the state controller.*	1964	Subscription television tax repealed by initiative.
1911	Constitutional amendment provided for Board assessment of corporation franchise taxes, bank share tax, gross receipts taxes on public service corporations (utilities), and insurance taxes.	1966	Property Tax Assessment Reform Law enacted. Mandated certification and training of appraisers, surveys of county assessors' offices, and development of property tax rules and regulations. Added an appeal procedure at the staff level to the sample property appraisal process.
1923	Motor vehicle fuel (gasoline) tax enacted.	1967	Legislation increased the cigarette tax and provided that thirty percent of the receipts be distributed to cities and counties based on local sales tax allocations.
1929	Bank and corporation franchise tax enacted. Board would no longer assess the taxes but was designated as the administrative appellate agency.	1969	Aircraft jet fuel tax enacted.
1933	Retail sales tax, motor vehicle transportation license tax, and alcoholic beverage tax enacted. Riley-Stewart Plan enacted assessment of designated public utility properties for local tax purposes.	1970	State-administered transit district sales tax program enacted — Bay Area Rapid Transit District and Southern California Rapid Transit District.
1935	Use tax enacted to provide further revenue and protect California retailers from tax-free competition from out-of-state sellers. Personal income tax enacted with the Board as the administrative appellate agency.	1973	Motor vehicle transportation license tax repealed.
1937	Use fuel tax on diesel fuel enacted as a supplement to the gasoline tax. Private railroad car tax enacted.	1974	Waxman-Dymally Campaign Disclosure Legislation enacted — provided for audit of campaign statements. Terminated late in 1975 with passage of Proposition 9, Political Reform Act, in November 1974.
1951	Administration of Itinerant Merchants Act transferred by legislation from the Public Utilities Commission to the Board. This law imposed an annual fee on those who hauled produce across county lines.	1975	Electrical energy surcharge enacted.
1955	Constitutional Amendment transferred licensing and control of alcoholic beverages from the Board to a new Alcoholic Beverage Control Department and the appellate function to the Alcoholic Beverage Control Appeals Board. The Board retained taxing functions.	1976	Timber yield tax and Emergency Telephone Users Surcharge Law enacted.
1955	Board-administered local sales and use taxes program initiated. All state cities and counties included by 1962.	1977	Litter Control, Recycling, and Resource Recovery Assessment Act enacted.
1959	Cigarette tax enacted.	1978	Proposition 13 enacted. Proposition 8 amended Article XIII A to allow reduction of the full cash value base of real property to reflect substantial damage, destruction, or other factors that cause the value to decline.
1961	Itinerant Merchants law repealed.	1979	Litter Control, Recycling, and Resources Recovery Act amended, ending the assessment and allocating funding from the state's general fund.
		1982	Administration of two hazardous substances taxes assigned to the Board by legislation. Both are imposed on persons who generate hazardous waste and dispose of it in California.
		1984	The Moore Universal Telephone Service Act imposed a tax on certain intrastate telecommunications to subsidize basic telephone service for those who cannot afford it. The Public Utilities Commission determined tax rates, eligibility, and service systems while the Board collected the tax.

\*The Board in its present form was established by article XIII, section 9 of the Constitution of 1879. "As originally ratified, (it) provided that the board should consist of one member from each congressional district in the State, to be elected by the qualified electors of their respective districts at the general election to be held in 1879, whose term of office, after those first elected, should be four years, and that the Controller should be ex officio a member of the board." — *California Blue Book or State Roster* - 1909
